18th THERMOPHYSICS conference

Thermophysics 2013

13th November - 15th November 2013

Guesthouse Adam, Podkylava 188

Slovak Republic

Organized by

Institute of Physics[†]

Slovak Academy of Sciences,
Bratislava Slovakia

In cooperation with

Institute of Physical and Applied Chemistry

Faculty of Chemistry of Brno University of Technology Brno, Czech republic

The Department of Materials Engineering and Chemistry

Engineering, Czech, Prague, Czech republic

CALL FOR PAPERS reminder

CONFERENCE TOPICS

The 18th meeting is opened to a wide range of different problems. Cooperation in thermophysics and other related fields is expected. The scope of the conference is to share knowledge of the heat transport of materials and focus on the problems in the field of thermophysics. The problems of recent developments in theory of measurement, measuring methods and instrumentation are welcome to present. The topics of conference are the following:

- physical models and computer simulations of heat transport processes
- experimental measurement of thermophysical properties
- new materials developed in laboratories or in industry
- design and the development of advanced sensors and apparatuses for heat transport and storage
- material parameters characterization
- monitoring of temperature field in porous media

Organizers kindly invite authors to send abstract and attend the meeting.

PROGRAM

Scientific program consists of invited lectures and oral presentations. Outline of the conference program is available at web page

<http://www.fch.vutbr.cz/lectures/thermophysics>

The conference language is English.

ABSTRACT and PAPER SUBMISSION

Camera-ready abstracts should be uploaded in Microsoft Word “.doc” format by July 31st, 2013 via the conference web page as well as full text paper by August 31st, 2013.

REGISTRATION AND FEE

Participants can register for the conference electronically. Please signing-in and fill the registration form on the conference [web page](http://www.fch.vutbr.cz/lectures/thermophysics)

<http://www.fch.vutbr.cz/lectures/thermophysics>

Registration fee is 120 EUR for all participants.

Fee includes:

- Access to conference session including social programme (conference dinner)
- Programme and Book of Abstract
- Printed conference proceedings all accepted full text papers
- Refreshment and coffee during conference breaks, conference materials, admission to all conference sessions and coffee-break refreshments, welcome reception, banquet and guided excursion.

For accompanying persons social program will be organized during the conference sessions.

Payment is possible by bank transfer and details will be available at the conference web page

VENUE

The THERMOPHYSICS 2013 conference and the 18th annual meeting of the Thermophysical Society and Working Group of the [Slovak Physical Society](#) will be held in the Guesthouse Adam that is a three-star guesthouse set in the village of Podkylava.

Guesthouse Adam is surrounded in picturesque hilly region covered with hamlets and caters services to all groups' visitors. The guesthouse was built with the financial support of the European Union funds and has embarked its operation in May 2006.

Modern congress hall including a saloon suitable for coffee breaks are at disposal. Three conference halls with a total capacity of 100 seats offer possibility for conference events.

How to get there - distances from different places to [Guesthouse Adam in the village of Podkylava](#) should be checked at [Google Maps](#) (100 km distance from Bratislava).

[Click Link for street view](#) (in electronic form only).

ACCOMMODATION

Guesthouse offer accommodation services involving 53 beds with possible 18 extra beds, boarding services in three catering establishments.
